Where is my Inside, where is my Outside?

Father of Butoh Tatsumi Hijikata made butoh choreography from Outside as form.

Then spirito comeing into the form.

Mother of Butoh Kazuo Ohno made butoh from Inside as spirit.

Then form following to the spirit.

Where is my Inside, where is my Outside?

Our outside are also your part of body, We can extend ourself into Universe.

Create into Butoh with the sense of space, the consciousness to exterior and the internal sense of life phenomenon. Internal sense; breath, internal organs, spine.

External sense; sense of space, parallel sense, sensory, tactile, visual.

To dissolve the wall between inside and outside of the self of here and now, “Soul dresses the Body, dresses the Space and the Landscape”.

You can dress old tree, You can dress volcano. You can dress singing moon sky.

We can feel our existence passing through these our inside & outside.

Our life existence which made by our body and spirit.

This is most important theme for Butoh.
